### London

With Big Ben, the River Thames, the Tower of London, and Buckingham Palace, London is an incredibly exciting and cosmopolitan city which offers travelers so much to see and discover. Tower Bridge, Westminster Abbey and the Houses of Parliament are just the beginning of your discover of this amazing capital city.

### Battle of Hastings

One of the most famous battles ever. King Harold II of England is defeated by the Norman forces of William the Conqueror at the Battle of Hastings in 1066. At the end of the bloody, all-day battle, Harold was killed – shot in the eye with an arrow, according to legend – and his forces were destroyed. He was the last Anglo-Saxon king and 'England' would never be the same.

### Stonehenge

It's beginnings date back to roughly 3000 BCE and it is easily one of the most recognizable cultural landmarks in the world. But just who built it? How? And why? The lands, once owned by King Henry VIII, are now protected and archeological work continues at the site to attempt to unlock its ancient secrets.

### The Romans

With the Roman Conquest starting in 43 AD, and lasting almost 400 years, came the first written records of England's history. Julius Caesar had paid earlier visits to Britain in 55 and 54 BC but it wasn't until the Emperor Claudius that Britain, as far north as Hadrian's Wall, was conquered. Our visit to Vindolanda, one of the Roman forts along the wall, is one of the tour highlights. As we peer into the mists of the north we can ponder on the 9th Imperial Roman Legion that marched out of Newcastle in AD 120 to subdue the Scots and was never heard from again.

### Battle of Stirling Bridge

Way back in 1297 Stirling is the scene for what would become a famous battle which echos through the centuries. The English, far superior in numbers, should have had an easy time of it but quick thinking on the part of the Scots, and a narrow wooden bridge, would prove their undoing.

### York

Founded by the Romans in 71 CE it has been the backdrop to major political events for its 2,000 years of existence. York Minster Cathedral is one of the largest in northern Europe and the Great East Window (finished in 1408) is the largest expanse of medieval stained glass in the world.

### Edinburgh

The Old Town and New Town together are listed as a UNESCO World Heritage Site. It is a city of culture, learning and fascinating history. Edinburgh Castle, Holyrood Palace and the church of St. Giles on The Royal Mile are but a few of the historic sites which attract millions of visitors each year to this gem of the United Kingdom.

### Single Malt Scotch

The Scots have been distilling whisky for centuries. The earliest written record of whisky production is an entry on the 1494 Exchequer Rolls, which reads "Eight bolls of malt to Friar John Cor, by order of the King, wherewith to make "aqua vitae". Today single malt Scotch is in demand around the world.

### Battle of Culloden

On 16 April 1746, on Drumossie Moor overlooking Inverness, the royal army led by the Duke of Cumberland (son of King George II) annihilated the much smaller army led by Prince Charles Edward Stuart. This most futile of Jacobite battles was over in an hour and marked the end of the clans in Scotland. Thousands were slaughtered as the bloody aftermath went on for weeks.

### Battle of Bannockburn

On 23 and 24 June 1314, Robert the Bruce faced King Edward II at Bannockburn, near Stirling. The Scots army might have been outnumbered almost three to one but 'The Bruce' sent King Edward homeward ... "to think again", and became immortalized in Scottish history.
